DETAILED ACTION

This is in response to communication filed on 2/6/04 in which claims 1-12 are pending. The application has been fully considered therefore this case is in condition for allowance.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: a correlator allocation controller for calculating the numbers (f1 through fM) of shared correlators allocated to respective subscribing users (Y1 through YM (M: the maximum number of subscribing users) based on said number of subscribing users and the total number (C) of shared correlators allocated to the subscribing users, and outputting data indicative of the numbers of shared correlators allocated to the respective subscribing users to said delay profile calculator as recited in claim 1. Calculating the numbers (f1 through fM) of shared correlators allocated to respective subscribing users (Y1 through YM (M: the maximum number of subscribing users) based on said number of subscribing users and the total number (C) of shared correlators; and calculating, as the numbers of correlators allocated to the subscribing users, the sum of the number (A) of dedicated correlators and the numbers (f1 through fM) of shared correlators allocated to the respective subscribing users as recited in claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
